SEATING

Take a seat in Orbit—where fluid curves meet supportive comfort in a design made to inspire.

# Shaped by motion, crafted for versatility, designed Orbit.

Orbit captures the essence of modern lounge seating with its continuous curves and inviting form. Its name reflects both its fluid geometry and its ability to anchor spaces with a sense of movement and connection. With a sculpted shell that cradles the body and Via Seating's proprietary comfort foam, Orbit offers a seating experience that feels both contemporary and timeless.

Where Edge is defined by sharp precision, Orbit thrives on flow. Its rounded profile softens interiors, creating an approachable aesthetic that pairs easily with a wide range of environments—from collaborative lounges and breakout spaces to private offices and reception areas.

Orbit adapts effortlessly through its variety of base options, upholstery choices and finishes. Whether elevated with a polished pedestal or grounded on a sled frame, it transforms to match the mood and function of each space. Precision-built in the United States emphasizing locally sourced components, it delivers comfort backed by responsible design.

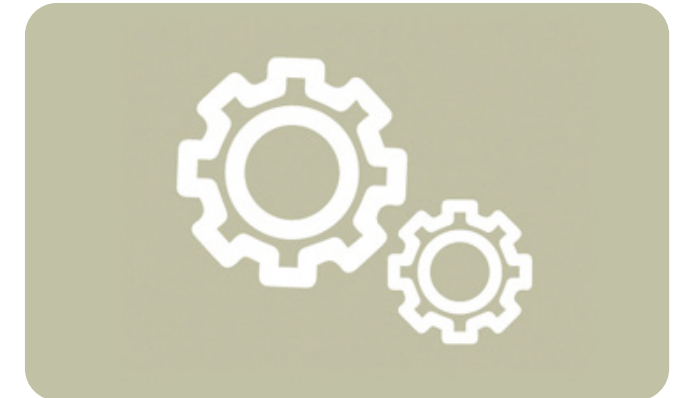

## Sustainability

### DfE Lead Design →

All Via Seating products follow the Design for the Environment (DfE) design approach. During this process, all components are screened to identify and assess the human and ecosystem health impacts of chemicals of concern. We screen all product components to the ANSI/BIFMA e3-2019 Annex B- List of Chemicals of Concern and the California Proposition 65 List.

### Vigorous Testing →

Our products are annually assessed by a 3rd party team of chemists & globally-recognized ISO 17025 accredited lab. They are rigorously tested for conformance to ANSI/BIFMA e3 standard credits 7.6.1, 7.6.2 and/or credit 7.6.3 as well as conformance to low-emitting materials. Prior to product launch, every product is continuously developed testing its functionality & durability within Via Seating's ISO 17025:2017 accredited lab.

### Environmental Impact →

All Via Seating products are BIFMA LEVEL® certified. LEVEL® is an evaluation and certification system for environmentally-preferable and socially-responsible office furniture. 3rd party certification is achieved by conformance to a multi-attribute standard created by the Business and Institutional Furniture Manufacturer's Association (BIFMA) that evaluates product impacts across categories including Materials, Energy, Human

### End of Life ↻

Via Seating provides accessible care guidelines that help maintain the quality of every product and easy-to-follow disassembly instructions when a product reaches the end of its life.
