Details

The 4u mesh is a high-performance, 4-way stretch elastomeric mesh available in a sophisticated monochromatic palette—designed to flex seamlessly with the body for long-lasting comfort. Crafted from a blend of polyelastomer, nylon, and polyester, it's bleach-cleanable and ideal for durable indoor seating applications

Makeup

49.7% Polyelastomer, 36.1% Nylon, 14.2% Polyester

Cleaning & Care

WS + BC: To prevent overall soil, frequently vacuum and lightly brush the best to remove dust and grime buildup. Mix mild soap and warm water together and using a lint-free cloth, damp it a little bit into the mixture. Dab gently where the stain is located. Use a different, dry, lint-free cloth to dry the area. Repeat if needed. Infrequent use of no greater than a 2:10 bleach to water solution can be used for disinfection of the mesh.

Qualities

Bleach cleanable
No antimicrobial additives
No flame retardant additives

Available On

4u (mesh), 4-UP (mesh)
