## Material Spec Sheet

# Standard Poly

## Details

Various Via Seating multi-use collection's standard polypropylene shells are available in a refined selection of epoxy-coated poly colors that are both stylish & highly functional. Each color is engineered to withstand high-use environments with surfaces that are bleach-cleanable, making them ideal for spaces requiring durability, easy maintenance & modern design versatility.

### Makeup

Makeup: Polypropylene (PP)

### Cleaning & Care

W + BC: Gently wipe off any spill or debris. After, dip a lint-free cloth into a mild soap and water mixture. Scrub gently over the stained area. For tougher stains, you may use distilled vinegar and a lint-free cloth. Repeat if needed. Bleach cleanable with a 10:1 (water to bleach) solution.

#### Qualities

Bleach cleanable 100% PVC-Free No antimicrobial additives No flame retardant additives

### Available On
