## Main Features

Discover 4-UP, the true sit-to-stand experience with dynamic, telescoping gaslift. Unlike solutions before only allowing a user to sit or perch, this revolutionary seat allows users to tap into the full functionality of their sit-to-stand desk. With 4-UP, a person can sit, stand & access every position in between. Combined with a seat depth adjustment, ergonomic forward tilt & Via Seating's proprietary injection-molded comfort foam, it is no wonder 4-UP was the first ever Best of NeoCon Business Impact award winner for an ergonomic desk chair.

## Key Features

### 1. Personalized Sit

Achieve the perfect sit or perch by utilizing Via's telescoping gas lift, seat depth adjustment & ergonomic forward tilt adjustment.

### 2. Copper Mesh

Offers use of Via Seating's double patented, multi-award winning, copper-infused (will not wear off like topicals), self-sanitizing (naturally with 0 additives), biocidal (destroys harmful microorganisms) mesh in black or natural copper colors.

### 3. Comfort Foam

A proprietary blend of high-density, injection-molded comfort foam so durable and lasting it is backed by Via Seating's 12 year warranty.
